* BIOGRAPHY

A Texas Songwriter born and raised, [Adam Carroll](#) takes the events of ordinary lives and turns them into deeply moving, often humorous songs. With [seven Indie CDs](#) supporting regular tours across the USA, Canada and Europe as "[one of the hippest songwriters on the Texas music landscape](#)", this engaging Americana guitar-picker has earned further critical acclaim with song placements in the [Grammy nominated film, Country Strong](#) and others. "The core of what I do is songwriting; it's the one thing I'm passionate about. It's the most fulfilling and challenging job I can imagine." explains Adam. From his studio records produced by Grammy Award winner [Lloyd Maines](#) ([South of Town](#), [Lookin' Out the Screen Door](#), [Live at Cheatham Street](#), [Far Away Blues](#)) through to his latest releases ([Old Town Rock N Roll](#), [Hard Times](#) with Michael O'Connor, [Live at Flipnotics](#)), the songwriting quality stands out. With a rare command of the English language and an amazing sense of melody, Adam has earned enviable comparisons to Townes Van Zandt, Todd Snider, John Prine and Bob Dylan. CD or Film covers include co-writes with [Slaid Cleaves](#) ([Race Car Joe](#), [Hard to Believe](#)), [Hayes Carll](#) ([Take Me Away](#), featured in the film [Country Strong](#)) and [Band of Heathens](#) ([Medicine Man](#), [Maple Tears](#)). With Stayton Bonner, Adam has published [Old Town Rock N Roll](#), [Stories About Music](#), a Chapbook of short stories, poems and song lyrics.

"Among singer-songwriters, Adam Carroll is probably Austin's best-kept secret. His tunes are marvels of economy; .. constantly inventive and decidedly offbeat .. "Live at Flipnotics" offers a typically low-key yet inviting overview of his career. With Scrappy Jud Newcomb on guitar, he sparkles .. "

"Influences ? .. Adam Carroll .. I used to skip my own gigs to go watch him .. by far my favorite, somebody whose writing style I emulated in some ways."
